THINK WELL. LOVE RIGHTLY. LIVE WISELY.

Dear Cambridge Families and Friends,

Since The Cambridge School opened its doors in 2006, our mission has remained steadfast: providing a classical Christian education that cultivates a love for truth, goodness, and beauty, preparing students to live wisely and serve God and neighbor.

This approach to education has proven its value over the centuries, yet has never been more relevant. In a world where limitless information is instantly available, knowing what to think is not enough. Education must be much more than acquiring knowledge. Students must learn how to reason toward truth, discern what is beautiful and worth loving, and navigate life with wise judgment and noble purpose.

Committed to Forming Young People Who Think Well, Love Rightly, and Live Wisely

For over twenty years, The Cambridge School's growth and strength have remained grounded in our values and guided by our foundational strategies. It is your generosity that helps to turn these commitments into reality:

- Attract, train, and retain **exceptional faculty and staff members**
- Curate a **mission-aligned community and culture** through our Tuition Assistance Program
- Provide a learning environment that **enhances our mission**
- Develop and implement a **leading Classical Christian educational program**
- Secure The Cambridge School's future through **financial sustainability**
- **Serve and equip others** in Classical Christian educational

---

This year, your support will strengthen three key areas of our school:

Student Experience through Investing in Co-Curricular Programs

Tuition Assistance for Mission-Aligned Families

Faculty Professional Development, Support, and Retention

Your participation is what makes this possible. Through your giving, you invest in our exceptional faculty, remove financial barriers for mission-aligned families, and enrich the student experience through robust co-curricular opportunities that cultivate students' gifts, talents, and virtue beyond the classroom.

The goal for The Cambridge Fund is $1,000,000 by the end of June 2027.

Please prayerfully consider supporting The Cambridge Fund through:

- **An immediate gift to The Cambridge School**
- **A recurring, monthly gift to The Cambridge School**

Your giving, prayers, and service shape generations of young people marked by wisdom, virtue, and a thoughtful faith. Thank you for your faithful partnership, and for helping to carry this enduring mission into the future!

Sincerely,

Jeffrey Yoder
Chief Advancement Officer

THE CAMBRIDGE SCHOOL GIVING UPDATE

The Cambridge Fund $1,000,000 Goal for 2026-2027

$559,900

$559,900 Total Giving and Commitments to Date Towards Our Fundraising Goal

On the evening of October 3rd, 120 attendees and more than 40 volunteers participated in The Cambridge School's 21st Annual Gala. The Fiesta Blanca event kicked off this year's giving initiatives. Once again, the generosity of our community was profoundly expressed, contributing over $376,000 to support these critical programs.

Ways to Support The Cambridge School with a Gift

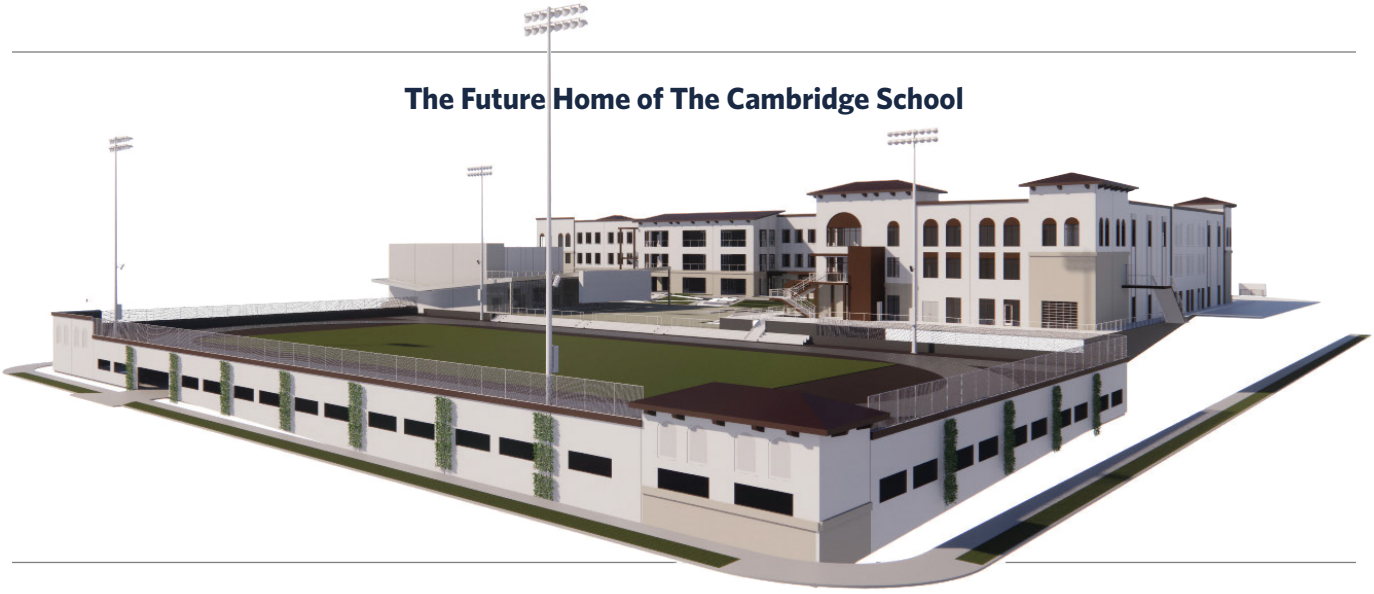

Please scan the QR Code or visit our school online at **cambridgeclassical.org/giving**.

Please make checks payable to The Cambridge School and send to
12855 Black Mountain Road, San Diego, California 92129

For help with corporate matching, stock transfers, and donor advised funds, contact Adam Smith, Director of Development, at **asmith@cambridgeclassical.org**.

THE CAMBRIDGE SCHOOL FUTURE CAMPUS UPDATE

The Future Home of The Cambridge School

Thanks to the generosity and vision of our community, we have already achieved significant milestones in our future campus building project. We successfully secured the land with a $12 million purchase and have invested $2.4 million in master planning and preparation for approvals, laying the foundation for what comes next.

In September 2026, The Cambridge School's Conditional Use Permit (CUP) for our new campus was officially approved by the city!

With these critical steps underway and your ongoing support, we are moving steadily toward bringing our vision to life and creating a space that will transform the lives of generations of students to come.

Next Steps: Detailed Campus Design. Our architects and engineers will now develop the detailed plans needed to bring the vision for our new campus to life and prepare for construction.

Vision for the New Cambridge School Campus

Library and Resource Center

Specific Classrooms for Labs, Art, and Math

Outdoor Classroom and Garden

Performing Arts Spaces

Gymnasium with Multiple Full-Sized Courts

Athletic Field

Fitness Center and Locker Rooms

Early Childhood Playground

Grammar School Playground

Indoor/Outdoor Cafeteria

Upper School House Rooms

Ample Parking and Multiple Entrances
